

# Improvements of diffractive optical element uniformity and zero order performance using lithographic process parameter optimization method (withdrawal notice)

Guowei Zhang, Xiaodong Yin, Kehan Tian

Proceedings Volume 11188, [Holography, Diffractive Optics, and Applications IX](#): 111880X (2019)  
<https://doi.org/10.1117/12.2535466>

**Event:** SPIE/COS Photonics Asia, 2019, Hangzhou, China

**Online Publication Date:** 18 November 2019

**Withdrawn from Publication:** 25 August 2021

**Publisher's Note:** This conference presentation, originally published on 18 November 2019 was withdrawn on 25 August 2021 per author request.
