

PROCEEDINGS OF THE FIFTH ANNUAL SYMPOSIUM

SEPTEMBER 11-12, 1985  
SUNNYVALE, CALIFORNIA

**PROCEEDINGS OF THE FIFTH ANNUAL SYMPOSIUM**

**SEPTEMBER 11-12, 1985  
SUNNYVALE, CALIFORNIA**

## CONTENTS

Keynote Address Al Stein, VLSI Technology.....	1
Mask Repair: Why Bother and What's Coming Monroe Cowan, AT&T Bell Laboratories.....	9
Single Step Repair of Clear and Opaque Defects Zbigniew Drozdowicz, Joel Bornstein, John O'Connor Quantronix Corporation.....	14
Preliminary Evaluation of the KLA/Micrion 808 One Step Clear and Opaque Defect Repair System Jim Reynolds, Reynolds Consulting.....	18
Laser Detection of Surface Contamination Barrie Skinner, Horiba.....	25
Techniques for Improved Use of Laboratory Microscopes Charles Podvin, M&M Microscope.....	26
Chrome Adhesion to Quartz Huruko Eso.....	28
1X Reticle Defect Printability Study Kevin Zollinger and Conor O'Mahony, Ultratech Stepper.....	30
Defect Reduction with HQZ Noriyuki Takamatsu.....	33
Innovations in Mask Making and Blank Production Gilbert Hong, Micro Mask, Inc.,.....	37
Linewidth Control of Projection Lithography with Positive Photoresist Hirumitsu Fujiki.....	45

The Effect of Developer Concentration on PBS Processing Randy Wathen, Cyantek Chemicals.....	48
Evaluation of EBR-9 Resist Naoya Hayashi, Dai Nippon Printing.....	54
X-Ray Mask Patterning Technologies Phil E. Mauger and Alex Shimkunas, Micronix.....	59
Review of High-Sensitivity Broad Latitude Reversal Resist Russell Morgan, Raytheon.....	63
Use of Personal Computers for Process Control Simon Chin, Master Images.....	66
Progress Toward a Total Solution for Mask Shop Data Input Norm Austin, AB Networks Inc.,.....	69
Pellicle Cleaning Requirements and Technique Mike Golden, SSEC.....	75
BACUS Prize Ron Johnstone, BACUS.....	77
Closing Address Bob Boehlke, KLA Instruments.....	79
Is Equipment in the Critical Path of Maskmaking? Panel Discussion.....	86
Inspection Strategies for 1X Reticles Larry Zurbrick, Microfab, and George Brooks, KLA..... (1984 BACUS Symposium)	113
