The original article was published in Volume 1 Issue 3 of *Biophotonics Discovery* (BIOS) on 28 November 2024 with some references listed in the supplemental material document that were not listed in the main reference list. To correct the oversight, those references were added as Refs. 48–53. Upon correction, the article was republished under the same DOI ([10.1117/1.BIOS.1.3.035002](https://doi.org/10.1117/1.BIOS.1.3.035002)) on 5 December 2024.
